

**CGSB Certified product
Repro Free Quality Virgin Resin**

**Ralston Quality Plastics
100%  CANADIAN**

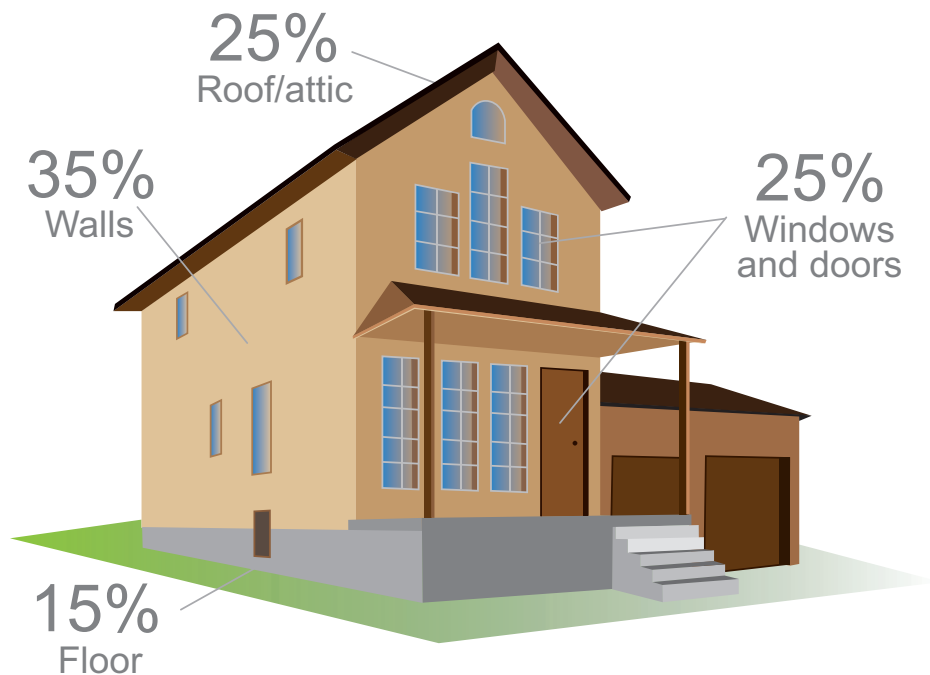

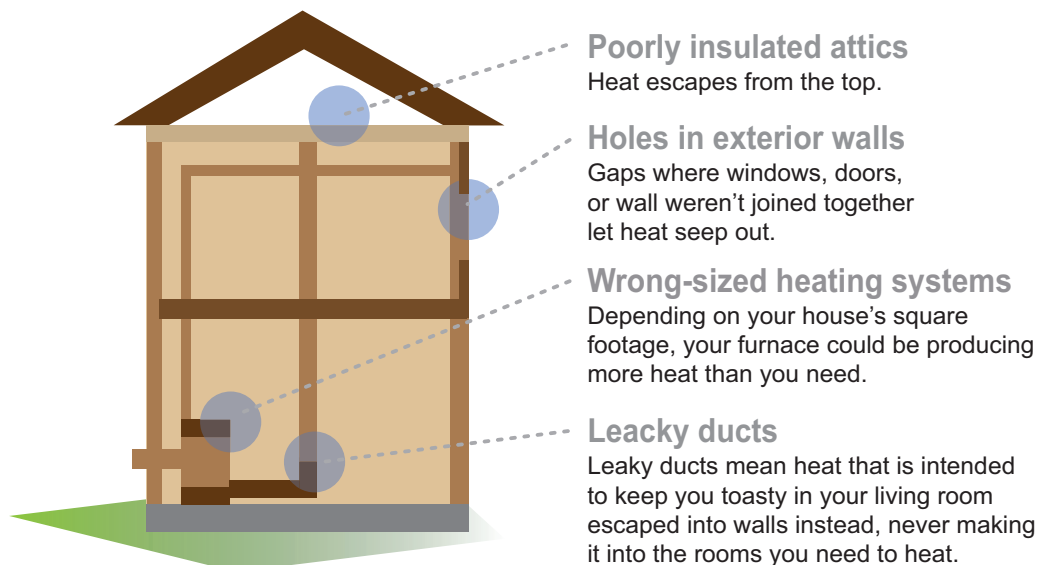

An Airtight System is Crucial

Energy loss occurs through poor air sealing which increase a home's energy costs and affect efficiency. **PROSHIELD™** helps prevent this by creating an airtight seal along the interior of the building¹.

Mapping Out Heat Loss

Ways Your House is Losing Heat

For any application,
there's an **PROSHIELD™** Solution

CONTRACTOR SERIES 4

General Purpose Polyethylene Film

Main properties:

- ▶ All our film is packed in clear PE sleeves with product identification labels both inside and outside the sleeve.
- ▶ All pallets are wrapped for safer transportation and easier storage.
- ▶ Colour coded labels are provided for identification of size and product type.
- ▶ Available in all standard sizes.
- ▶ Available with custom formulas.
- ▶ Available in custom lengths and widths.
- ▶ Warehoused in three locations across the country.
- ▶ Linear rich formula provides superior strength.

CONTRACTOR SERIES 6, 10, 12 & 15

Vapour Barrier Film - CGSB

This Film is designed to exceed the criteria specified in C.G.S.B Standard CAN/CGSB-51.34-M86

Main properties:

- ▶ Uniform 6 mil gauge.
- ▶ Improved outdoor weather resistance to prevent premature damage from exposure to ultraviolet light.
- ▶ Made from a quality virgin LLDPE blend.
- ▶ Longer oxidative induction time protects against premature degradation.
- ▶ Available in custom lengths and widths.
- ▶ Specially packaged to inhibit UV damage.
- ▶ Labels are provided for easy identification of size, both inside and outside the sleeve.
- ▶ All pallets are overwrapped.
- ▶ Warehoused in three locations across the country.
